December 2024

As 2024 comes to a close, we'd like to share some highlights from an exciting and productive December!

Key Events

NuLiv Science Bi-Annual Team Week

This month, the team came together for Team Week, a time to connect, collaborate, and celebrate another successful year!

We kicked off the week with a brainstorming session focused on a new and exciting ingredient. Combining the best of science and nature, this ingredient is set to be a game-changer in the wellness space and we can't wait to share more with you next year!

Of course, it wasn't all work! We hit the racetrack at K1 Speed, where our competitive sides came out, followed by a team dinner to celebrate the year's achievements, acknowledge our co-workers and our shared vision for the future. Team Week reminded us of the incredible power of collaboration and the dedication that fuels everything we do at NuLiv Science.

New Products Launched with NuLiv Ingredients:

InnoSupps InnoShred GLP-1
- InnoSlim

Apollon Nutrition Hydration
- AstraGin & Senactiv

Ghost Legend V4 Grapefruit
- AstraGin & Senactiv

Looking Forward

2025

As we reflect on 2024, we're incredibly grateful to you—our partners and clients! Your trust and support drive us to innovate and deliver the best ingredients for the health and wellness industry. From Expo West in Anaheim to our 2nd annual NuLiv Science Summit in Canada and everything in between, we've had so much fun learning and collaborating with all of you this year! Thank you for being a part of our journey!

Here's to an even brighter 2025! We wish you and your loved ones a joyous holiday season and a prosperous New Year.
