

ROSAEX™

Antioxidant for Wellness

Experience the Power of Superoxide Dismutase (SOD)

RosaEx™ is a NuLiv Science extract from *Rosa roxburghii* fruit. NuLiv Science lab assays and in-vitro studies have demonstrated that this fruit extract displays SOD-like activity in human cells.

The micro-molecular SOD enzymes in RosaEx™ have not shown to be not affected by bodily acids as in the case with other plants and animal extracted SOD enzymes.
